

## THINKING ABOUT REMODELING....

## WHAT WILL YOUR PROJECT BE?

Thank you for contacting us to look at your upcoming project. We hope that we earn the opportunity to work with you on your project. Please plan about one hour for our first appointment and at that time we will:

- ✓ Introduce ourselves, and answer any question you may have about McDowell Remodeling, our team and our process
- ✓ Ask you lots of questions about your project, your reasons for considering the project, your family/lifestyle, how the space will be used, what *your* expectations are
- ✓ Review this questionnaire about your home and your project
- ✓ Then we'll take a look at the space to be remodeled, obtain measurements and make notes
- ✓ After seeing the space, discuss ideas and options that we may have about your project to help us determine direction as we work on the design and pricing for your project

### ***A few questions for you to answer before the meeting:***

Why are you considering this project at this time? \_\_\_\_\_

What do you hope to achieve with the completion of this project? \_\_\_\_\_
